Dr. Alfredo Sánchez-Tójar

Principal Investigator, Center for Neuroscience and Cell Biology & Center for Innovative Biomedicine and Biotechnology, University of Coimbra

Born in Granada (Spain), 28.06.1987

+351xx | alfredo.tojar@gmail.com | Google Scholar | https://github.com/ASanchez-Tojar | OSF https://osf.io/pktw6/

Evidence synthesist and meta-researcher in ecology, evolution and beyond. Strong advocate of open science and active member of SORTEE

Research Experience

Nov 2025 – Current CNC-UC & CiBB Coimbra, Portugal	**Principal Investigator,** University of Coimbra *Meta-research to improve research practice*
Sep 2021 – Oct 2025 Depart. Evolutionary Biology Bielefeld, Germany	**Principal Investigator,** Bielefeld University *Meta-EvoEco-Lab*
Jul 2018 – Sep 2021 Depart. Evolutionary Biology Bielefeld, Germany	**Postdoctoral researcher,** Bielefeld University *The behavioural ecology of individualized niches in the light of meta-analyses* *PI: Klaus Reinhold*
Aug 2013 – Apr 2018 Max Planck Institute Seewiesen, Germany	**PhD Student** *The evolution of social dominance (PhD thesis)* *PI: Julia Schroeder*
Jan 2016 – Dec 2017 Depart. Life Sciences Imperial College London, UK	**Visiting PhD Student** *PI: Julia Schroeder*
Mar 2013 – Jun 2013 Depart. Functional & Evolutionary Ecology, Almeria, Spain	**Field Assistant,** Spanish National Research Council *PIs: Deseada Parejo, Jesús M. Avilés and Juan G. Martínez*
Sep 2012 – Oct 2012 Depart. Biological & Environmental Sciences Gothenburg, Sweden	**Laboratory Technician,** University of Gothenburg *PI: Staffan Andersson*

Education

Oct 2012 – Jul 2013 University of Cordoba, Spain	**MSc Animal Behaviour** *(MSc thesis)*
Sep 2011 – Jul 2012 University of Gothenburg, Sweden	**Erasmus program**
Sep 2006 – Jul 2011 University of Granada, Spain	**BSc Biology**

Publications

Summary: To date, I have published 41 articles — excluding preprints — across 21 different journals. Including equally shared authorships, I am the first author of 11 (27%), and the last author of 5 (12%) of these published articles. Four published articles, along with four ongoing studies (1,2,3,4), were pre-registered ®, and another two correspond to Registered Reports ®®. Of the 34 eligible articles, 30 (88%) provide all the open data, and 27 (79%) include the code necessary to reproduce their results. A full list of articles, including **hyperlinks** to their associated data, code, and pre-registrations ® as well as their altmetric score, is provided below. An updated publication list, including preprints, can be found on my Google Scholar profile. * indicates corresponding author, † shared authorship.

#	Publications	Altmetrics
41	**Alfredo Sánchez-Tójar***, Jelte M. Wicherts*, Robb Willer*. 2026. *Huge meta-research project puts claims in social-science papers to the test*. Nature, 652: 39-41. DOI: 10.1038/d41586-026-00805-4	115
40	Joel L. Pick*, Bethany Allen, Benedicte Bachelot, Kevin R. Bairos-Novak, Jack A. Brand, Barbara Class, Tad Dallas, Pietro B. D'Amelio, Erola Fenollosa, Esteban Fernández-Juricic, Dylan G. E. Gomes, Matthew Grainger, Thomas Guillemaud, Christian John, Ruby Krasnow, Malgorzata Lagisz, Sebastian Lequime, Daniel Maynard, Shinichi Nakagawa, Rose E. O'Dea, Matthieu Paquet, Quentin Petitjean, **Alfredo Sánchez-Tójar**, Natalie E. van Dis, Laura A. B. Wilson, Edward R. Ivimey-Cook*. 2026. *The SORTEE Guidelines for Data and Code Quality Control in Ecology and Evolutionary Biology*. Peer Community Journal, 6:e20. DOI: 10.24072/pcjournal.687	71
39	Simone Santoro*, María Losada, David Canal, Carlos Camacho, Jesús Martínez-Padilla, **Alfredo Sánchez-Tójar**, Jaime Potti. 2026. Songbird brood sex ratio varies in response to male attractiveness and rearing conditions. Animal Behaviour, 234: 123508. DOI: 10.1016/j.anbehav.2026.123508	5
38	Klaus Reinhold*, **Alfredo Sánchez-Tójar**. 2026. *Wing length canalisation and behaviour across birds: a phylogenetic meta-analysis of variance*. Evolution, qpag032. DOI: 10.1093/evolut/qpag032	8
37	® Edward R. Ivimey-Cook†*, **Alfredo Sánchez-Tójar**†*, ...[*37 authors*]... , Nicholas P. Moran†*. 2025. *From policy to practice: progress towards data- and code-sharing in ecology and evolution*. Proceedings of the Royal Society B, 292(2039): 20251394. DOI: 10.1098/rspb.2025.1394	81
36	Olivia Sanllorente*, Endika Blanco-Urdillo, **Alfredo Sánchez-Tójar**, Juan Diego Ibáñez-Álamo. 2025. *A systematic review and meta-analysis on urban arthropod diversity*. Insect Conservation and Diversity, 18(4): 447-464. DOI: 10.1111/icad.12831	5
35	**Alfredo Sánchez-Tójar***, Aya Bezine, Marija Purgar, Antica Culina*. 2025. *Code-sharing policies are associated with increased reproducibility potential of ecological findings*. Peer Community Journal, 5:e37. DOI: 10.24072/pcjournal.541	16
34	® Lucia Mentesana*, Michaela Hau, Pietro B. D'Amelio, Nicolas M. Adreani, **Alfredo Sánchez-Tójar.** 2025. *Do Egg Hormones Have Fitness Consequences in Wild Birds? A Systematic Review and Meta-Analysis*. Ecology Letters, 28(3):e70100. DOI: 10.1111/ele.70100	44

Peer-review

I was a member of the Editorial Board of Behavioral Ecology from 2021 to 2023, and I am currently a Receiving Editor and Data and Code Editor at Ecology Letters, Recommender at PCI Registered Reports, and a member of the Editorial Board of Environmental Evidence. To date, I have reviewed 63 manuscripts for 29 different journals and have handled 12 manuscripts as a Receiving Editor and 13 manuscripts as a Data Editor for Ecology Letters. Additionally, I have reviewed 5 grant applications. A validated list of my peer-review experience, along with some of my reviews, can be found here.

Supervision (Graduates)

I am currently supervising 1 PhD student and co-supervising 1 PhD student.

2021 – now	PhD thesis of Shreya Dimri, Bielefeld University: *Evidence synthesis to understand behavioral variation within and between species.*

2022 – now	PhD thesis of Tuba Rizvi, Bielefeld University: *Understanding the Effect of Population Density on Female Mate Choice and Shared Behavioural Traits*. Co-supervised with Klaus Reinhold.
2022 – 2025	Postdoctoral project of Julio Segovia, Bielefeld University: *Context-dependent behavior in prey-predator interactions: an evidence synthesis approach*.
2021 – 2023	Postdoctoral project of Lucia Mentesana, Max Planck Institute for Ornithology & Bielefeld University: *Fitness consequences of egg hormones in the light of evidence synthesis*. Co-supervised with Michaela Hau.

Supervision (Undergraduates)

To date, I have (co-)supervised a total of 8 MSc theses and 3 BSc theses across 7 different universities. In addition, I have supervised 11 research student projects and guided 2 student helpers (Vedant Dixit, Chiara Flaskamp).

2025	Project module of Lars Schumacher, Bielefeld University: A systematic review on Iberian and Azure-winged magpies
2024	**MSc thesis** of Hannah Wilhelm, WWU Münster: *A meta-analysis on trans and inter-generational immune priming in invertebrates*. Co-supervised with Joachim Kurtz
2024	**BSc thesis** of Emma Cyplik, Bielefeld University: *What is the state of the status signalling hypothesis in birds? A systematic review and meta-analysis* [® Pre-registration]
2023	Project module of Bent Bollgönn, Bielefeld University: *What is the state of the status signalling hypothesis in birds? A systematic review* [® Pre-registration]
2023	Project module of Emma Cyplik, Bielefeld University: *What is the state of the status signalling hypothesis in birds? A systematic review*
2023	Project module of Aya Bezine, Bielefeld University: *Code-sharing policies in Ecology: do they work?* [Article]
2022	Research module project of Marit Praetz, Bielefeld University: *Determining the quality of recently published meta-analyses in ecology and evolution*
2021	**BSc thesis** of Hannah Wilhelm, WWU Münster: *A systematic review on trans and inter-generational immune priming in invertebrates*. Co-supervised with Joachim Kurtz
2020	Research module project of Paula Olías García, Bielefeld University: *How methodology influences animal physiology research: a case study on avian sperm collection techniques*
2019	**MSc thesis** of Bora Kim, Bielefeld University: *The fitness consequences of male social dominance and body size in mosquitofish: a systematic review and meta-analysis.* Co-supervised with Nicholas Moran [® Pre-registration] [Article]
2018	**BSc thesis** of Mae Nielsen, University of Bath: *Assortative genetic mating in wild plovers*. Co-supervised with Julia Schroeder & Tamas Székely
2017	**MSc thesis** of Iqbal Bhalla, Imperial College London: *The impact of state-behaviour feedback mechanisms on personality and social structure in the house sparrow.* Co-supervised with Julia Schroeder
2017	**MSc thesis** of Robyn Geldard, Imperial College London: *Investigating the spill over hypothesis to explain extra-pair mating in female house sparrows (Passer domesticus).* Co-supervised with Julia Schroeder
2017	Research student project of Iqbal Bhalla, Imperial College London: *Analysis of the social network of captive house sparrows (Passer domesticus)*. Co-supervised with Julia Schroeder
2017	Research student project of Karen Bongrain, Imperial College London: *Social dominance and parental care in wild house sparrows.* Co-supervised with Julia Schroeder

2017	Research student project of Jennifer Dawson, Imperial College London: *Social dominance and extra-pair paternity in wild house sparrows.* Co-supervised with Julia Schroeder
2016	**MSc thesis** of Dominic Martin, Imperial College London: *High social status is associated with improved first winter survival in a wild passerine population.* Co-supervised with Julia Schroeder
2016	Research student project of Dominic Martin, Imperial College London: *No evidence for status signalling via badge size in House Sparrows.* Co-supervised with Julia Schroeder [Article]
2015	**MSc thesis** of Moises Sánchez-Fortún, University of Sheffield: *Dominance status, age and activity in captive wintering male house sparrows.* Co-supervised with Julia Schroeder [Article]
2015	**MSc thesis** of Sukanya Ramani, Bielefeld University: *Effect of familiarity and relatedness on aggression in house sparrows.* Co-supervised with Julia Schroeder & Peter Korsten
2015	Research student project of Paulien van der Werf, University of Groningen: *Is there a relation between age/extra-pair mating and caring behaviour in house sparrows?* Co-supervised with Julia Schroeder
2014	Research student project of Sukanya Ramani, Bielefeld University: *The effect of time and environment on bib size in house sparrows.* Co-supervised with Julia Schroeder [Article]
2014	**MSc thesis** of Leticia Lopera-Doblas, University of Cordoba: *Behavioural consistency and parental care in a wild house sparrow population.* Co-supervised with Julia Schroeder

Workshops & Teaching

Between 2019 and 2025, I contributed to, designed and coordinated several semester-long undergraduate (BSc) and postgraduate (MSc) courses at Bielefeld University, covering topics in ecology, evolution, evidence synthesis, and open science. Since joining the University of Coimbra, I have lectured for the MSc course Conservation and Management of Biodiversity (6h), TREASURE course unit (2h), PDBEB Courses (1h), and will teach for the MSc courses Computational Biology (4h, April 29th) and Scientific Writing (1h, April 15th). In addition, I have (co-)organised and been invited to deliver numerous hackathons and workshops at international conferences, university departments, and graduate schools, focusing on evidence synthesis, open science, and related methodological areas. The table below includes only multi-day workshops that I led or co-led. A comprehensive list of all teaching and training activities is available upon request.

Oct 2025 *In-person*	**Systematic Reviews and Meta-analysis in R** (4d, 24h; 13 participants; link). Organised by the Spanish Ecological Association of Terrestrial Ecology. Seville, **Spain**. Contributions from Ignasi Bartomeus.
Feb 2025 *Virtual*	**Meta-analysis in R** (5d, 20h; 20 participants; link). Organised by Physalia courses. Contributions from Shreya Dimri.
Jan 2025 *In-person*	**Systematic Reviews and Meta-analysis in R** (4d, 20h; 16 participants). Organised by the Department of Integrative Biology at Oregon State University. Corvallis, Portland, **USA**. Contributions from Shreya Dimri.
Sep 2019 *In-person*	**Introduction to Evidence Synthesis** (2d, 10h; 18 participants). Organised by the Department of Evolutionary Biology at Bielefeld University. Bielefeld, **Germany**. Co-led with Shinichi Nakagawa.

Invited Talks

Mar 2026 *Virtual*	**Meta-research** for More Reliable Ecology and Evolution. Seminar series, Centre for Research in Animal Behaviour, University of Exeter, **UK**
Mar 2026 *Virtual*	Better **meta-analysis**. Science To Be Determined symposium. German Centre for Integrative Biodiversity Research (iDiv), Leipzig, **Germany**.
Jan 2026 *Virtual*	Meta-analysis: common pitfalls and best practices. Love Methods Week 2026 [recording]

Jan 2026 *In-person*	Leveraging community-driven **meta-research** for reliable **meta-analyses**. DCV Talks, University of Coimbra, **Portugal**.
Nov 2025 *In-person*	**Publication bias**: studying it, adjusting for it, and preventing it. ERD&RRP Doctoral Program Experimental Biology & Medicine, University of Coimbra, **Portugal**.
Oct 2025 *Virtual*	Rethinking standards in **evidence synthesis** for reliable ecology and evolution. EUFLYNET Cost Action Workshop, **Czech Republic**.
Sep 2025 *In-person*	Leveraging community-driven **meta-research** for reliable **meta-analyses**. RQI Symposium, Zagreb, **Croatia**.
Jun 2025 *In-person*	**Meta-research** for More Reliable Ecology and Evolution. University of Coimbra, **Portugal**.
Jun 2025 *Virtual*	Practising what we preach: Rethinking standards in **meta-analysis** for ecology and evolution. ESMARConf2025. [recording]
Jan 2025 *In-person*	Separating the wheat from the chaff in **evidence synthesis**. Oregon State University, Corvallis, **USA**.
Jun 2024 *In-person*	**Publication bias**: studying it, adjusting for it, and preventing it. ZeSt Coloquium, **Bielefeld** University, Germany.
Apr 2024 *In-person*	Are **meta-analyses** worth the hassle? TL;DR: It depends. Behaviour and Evolution Seminar, **Bielefeld** University, Germany.
Mar 2024 *In-person*	*Round table* on **Academia** in Ecology and Evolution. EOU Fledglings Conference, Prague, **Czech Republic**.
Mar 2024 *In-person*	**Publication bias**: studying it, adjusting for it, and preventing it. **Keynote speaker** at the EOU Fledglings Conference, Prague, **Czech Republic**. [recording]
Mar 2024 *In-person*	Are **meta-analyses** worth the hassle? TL;DR: It depends. Charles University, Prague, **Czech Republic**.
Mar 2024 *Virtual*	**Publication bias**: studying it, adjusting for it, and preventing it. University of Basel, Switzerland.
Feb 2024 *In-person*	Are **meta-analyses** worth the hassle? TL;DR: It depends. MPI for Biological Intelligence, **Seewiesen**, Germany.
Dec 2023 *In-person*	Reducing publication bias with **pre-registration and Registered Reports**. University of Neuchatel, **Switzerland**.
Jun 2023 *Virtual*	**Publication bias** in ecology and evolutionary biology. Peer Community In Webinar Series. [recording]
Feb 2023 *Virtual*	**Publication bias** in ecology and evolutionary biology. Centre for Biological Diversity, University of St Andrews, UK.
Aug 2022 *In-person*	**Low transparency and reporting quality in meta-analyses in ecology and evolution**. Ecological Society of America Conference, Organized Oral Session: Meta-analysis in Ecology: Challenges, Advances, and Successful Applications. Montreal, **Canada**.
Jul 2022 *Virtual*	*Round table* on **Data Editing**. Society for Open, Reliable, and Transparent Ecology and Evolutionary Biology conference.
Jun 2022 *Virtual*	Neaten up your **code**: a briefing. Living Norway: Ecological Data Network, Norway. [recording]
May 2022 *In-person*	Towards **open, reliable, and transparent science**: an introduction. BioMove, **University of Potsdam**, Germany.

Nov 2021 *Virtual*	Revolutionizing science with **pre-registration and registered reports**: an introduction. Open Science Network Bielefeld, Bielefeld University, Germany.
Oct 2021 *Virtual*	*Round table* on **open science**. Open Science Network Bielefeld, Bielefeld University, Germany.
Sep 2021 *In-person*	Male size and reproductive performance: A systematic review and **meta-analysis**. **Helgoland**, Germany.
Jun 2021 *Virtual*	Towards **open, reliable, and transparent science**: an introduction. AEET-SFE² Conference for Early Career Researchers, Session: **Open Science**. [recording]
Apr 2021 *Virtual*	Publication bias in ecology and evolution: **open science** to the rescue? Brain and Behaviour Seminar, Bielefeld University, Germany.
Apr 2021 *Virtual*	Publication bias in ecology and evolution: **open science** to the rescue? East Anglia University, UK.
Apr 2021 *Virtual*	Publication bias in ecology and evolution: **open science** to the rescue? Konrad Institute Vienna, Austria.
Feb 2021 *Virtual*	*Round table* on **Academia**. Science+ Colloquium, Bielefeld University, Germany.
Dec 2020 *Virtual*	Making your science more **open, reliable & transparent**. Ludwig-Maximilians-Universität München, Germany.
Jun 2020 *Virtual*	Environmental stress effects on variance in fitness and behaviour in the light of **meta-analyses**. Université du Québec à Montréal, Canada.
Apr 2020 *Virtual*	Recent **meta-analytic** evidence for (super) early-life effects on fitness (and behaviour). Ludwig-Maximilians-Universität München, Germany.
Sep 2019 *In-person*	Improving your science: pre-registration, transparency, sharing and **reproducibility**. **Kratzeburg**, Germany.
Jan 2019 *In-person*	What can house sparrows teach us about the life sciences? University of New South Wales, Sydney, **Australia**
Mar 2018 *In-person*	The evolution of social dominance. **Bielefeld** University, Germany.
Jan 2018 *In-person*	Social dominance: why, how and what. Max Planck Institute for Ornithology, **Seewiesen**, Germany.
Nov 2017 *In-person*	Social dominance in sparrows: What do we know about it? MSc field course. Lundy Island, **UK**.
Jun 2017 *In-person*	**Replication** is hard: no status signalling in its model species. **Imperial College London**, Silwood Park Campus, UK.
Apr 2017 *In-person*	Status without a badge in house sparrows. University of Gothenburg, **Sweden**.
Nov 2016 *In-person*	Social dominance in sparrows: What do we know about it? MSc field course. Lundy Island, **UK**.
Oct 2016 *In-person*	Fitness consequences of individual dominance status. Grand Challenges Symposium. **University of Konstanz**, Germany.
Jun 2016 *In-person*	A badge of status? University of Granada, **Spain**.
Mar 2013 *In-person*	Nest size as a post-mating secondary sexually selected trait in magpies. Selection Symposium. **University of Konstanz**, Germany.

Awards & Grants

The list below includes all funding projects and awards I have ever applied for, whether successful or not.

Apr 2025 *Unsuccessful*	CRC SFB-TRR 212 Project DO5 (*3rd phase*): *The causes and consequences of individual differences from a meta-analytic perspective*: 352,800 €. Solo-written. Co-signed by Holger Schielzeth.
Oct 2023	Open Science Award by the Spanish Association of Terrestrial Ecology (AEET), shared with SORTEE.
Sep 2023	Familienunterstützenden Maßnahmen für Lehrende: 3,500 €.
Jun 2023	FoKo Research Project for Early Career Researchers. Research and Innovation Funds, Faculty of Biology, Bielefeld University: *Drivers of complexity in sociality in an iconic range-restricted cooperative breeding bird*: 3,000 €.
Nov 2021	CRC SFB-TRR 212 Project DO5 (*2nd phase*): *Individual niche specialisation in the light of evidence synthesis*: 486,140 €. Co-written with Holger Schielzeth & Klaus Reinhold.
Oct 2021	Student helper Covid-HiWi position. Bielefeld University: 500 €.
April 2021 *Unsuccessful*	Einstein Foundation Award, Early Career Award: *Meta-researching meta-analysis for more reliable and transparent science*.
Mar 2021	Student helper Covid-HiWi position. Bielefeld University: 500 €.
Dec 2020 *Unsuccessful*	Klaus Tschira Boost Fund: *Meta-researching meta-analysis for more reliable and transparent science*.
Dec 2020	Student helper Covid-HiWi position. Bielefeld University: 500 €.
Feb 2019	Travel grant. Evidence Synthesis Hackathon: 1,000 AUD.
Jan 2019	NC^3 Travel grant. Lab visit: 2,200 €.
Oct 2017	Travel grant. 8th Hole-nesting birds conference: 800 €.
Oct 2017 *Declined*	IMPRS Travel grant. 8th Hole-nesting birds conference: 786 €.
Apr 2015	IMPRS Project grant. *Nest defence in magpies and its association with brood parasitism*: 2,400 €.
Jul 2014	Award: Master's thesis with Honours
Jul 2012	Award: BSc with Honours
Nov 2010	Research scholarship. University of Granada: 2,700 €. Supervisor: Juan G. Martínez
Jul 2010	JAE-Intro research scholarship: 2,000 €. Supervisor: Juan J. Negro
Jun 2010	Research scholarship. University of Granada: 900€. Supervisor: Juan G. Martínez
Nov 2009	Award: Best year BSc marks: 300 €.
Aug 2009	JAE-Intro research scholarship: 2,000 €. Supervisor: Jaime Potti

Service to the community

I co-organized several academic events, including: (1) The 27th **DZG Graduate Meeting** on Evolutionary Biology at Bielefeld University (March 31 – April 2, 2022: info) with Steve Ramm. (2) The symposium "**Meta-research** for Behavioural Ecology: It's Time!" at the International Behaviour Conference (August 14–20, 2023: info) with Antica Culina. (3) The workshop "The **Evidence Synthesis** Toolkit: Perspectives from Philosophy and Biology" at Bielefeld University (August 7–8, 2024: info) with Alkistis Elliott-Graves.

Outreach

Beyond sharing my research on social media to engage both scientists and the public, I have participated in several radio interviews (e.g., Replication, Many-analysts) and press features (e.g., Dominance, Genetics, Many-analysts, Hormones). I have also contributed blog posts and research digests (e.g., Dominance, Sparrows, Open Data Reuse, Open Science), and ran an interactive activity with 7-year old kids at the Escola João de Deus. Additionally, my work has been featured in podcasts (e.g., BBC), books (e.g., pg 33-34, ref 347 *Science Fictions* by Stuart Ritchie), and Wikipedia articles (e.g., Replication crisis, Publication bias, Meta-analysis).

Memberships

Below is a list of societies I am or have been a member of. In addition to serving on the Board of Directors of SORTEE between 2023-2025, I have been a member of its social media committee since 2020 and an ambassador for the preprint server EcoEvoRxiv since 2018.

2015 – 2025	Spanish Ornithological Society member (SEO).
2013 – 2018	British Trust for Ornithology member (BTO).
2010 – 2025	Spanish Ethology and Evolutionary Ecology Society member (SEEEE).
2010 – 2018	Spanish Evolutionary Biology Society member (ESBE).
2020 – 2025	International Society for Behavioral Ecology member (ISBE).
2020 – present	Society for Open, Reliable, and Transparent Ecology and Evolutionary Biology member (SORTEE).
2026 – present	Spanish Association of Terrestrial Ecology member (AEET)
